2

Make sure the opened frame can stand stably on the floor. If the frame is not stable, continue to pull outwards on the frame.

3

Attach the chair cover onto the frame by matching the four pockets on the underside of the cover with the corresponding corners on the frame. Slip the pockets on the cover over the chair frame. Once the cover is secured, push on the corners of the frame to make sure the chair is stable. Move the chair into place, do not drag. You're done, enjoy!
